U.S. TERM LIMITS

IT IS TIME FOR TERM LIMITS ON THE U.S. CONGRESS

A new national campaign to limit the terms of the U.S. Congress has been launched and Florida is one of the first target states!

It is now clear that the **best and fastest way** to impose term limits on Congress is through a term limits covention as authorized by Article V of the U.S. Constitution.

If two-thirds (34) of the states call for a convention of states for the purpose or proposing an amendment on a specific subject, the amendment convention 'shall' be called. The amendment it produces would go back to the states — not the Congress — for ratification.

WILL FLORIDA BE THE FIRST STATE TO MAKE THE CALL FOR THE TERM LIMITS CONVENTION? WITH YOUR HELP THE ANSWER CAN BE YES!
