

## MINNESOTA STATEWIDE CONGRESSIONAL TERM LIMITS POLL: EXECUTIVE SUMMARY

MINNESOTA Survey of 500 Likely Voters Conducted January 21-22, 2020

by Pulse Opinion Research

**Survey Summary:** The results of this recently completed statewide survey show that Minnesota voters overwhelmingly support term limits for members of Congress. Support for term limits is broad across all political and demographic groups. **An overwhelming 74% of voters approve of an amendment to the U.S. Constitution that will place term limits on U.S. Senators and U.S. House Representatives.** Large majorities also say that Congress members stay in power for too long, and that they're more likely to support state lawmakers who help advance congressional term limits.

*Do you strongly approve, somewhat approve, somewhat disapprove or strongly disapprove of placing term limits on members of Congress?*

*If the state legislatures of two-thirds of the states vote to call an amendment-proposing convention to recommend an amendment to place term limits on members of Congress, would you want your state senator and state representative to vote yes or no on this bill?*

Nearly three out of four Minnesota voters, 74%, are significantly more likely to vote for a candidate for State Legislature who supports implementing term limits on Congress. Approximately three-in-four voters, 74%, would be more likely to vote for a State Legislator in the next election, who voted to pass term limits on Congress through an amendment proposing convention.

**Conclusions:** Minnesota voters overwhelmingly support an amendment to the U.S. Constitution limiting the terms of all U.S. Senators and U.S. House Representatives. The intensity of this support is measured in their willingness to vote for state legislators who will vote "yes" on term limits and against those who will vote "no" against term limits on members of Congress.
