

SAVE OHIO'S TERM LIMITS

In 1992, 68 percent of voters approved term limits of eight years on the Ohio Legislature. Now, wannabe career politicians are scheming to weaken those limits to 12 years in one seat.

They've formed a "Constitutional Commission" full of legislators, lobbyists and their hand-picked cronies to "independently" review term limits. This is really a ruse politicians have cooked up to keep their own hands clean while grabbing for more power.

Call the crooked commission at 614-644-2022 to tell them "**eight is enough**" years in office, because Ohio shouldn't become home to career politicians!
