TERM LIMITS**

Last November, nearly 80 percent of Palm Beach Gardens voters approved solid six-year term limits on members of the City Council. Now, before those limits have even taken effect, aspiring career politicians on the Council are already trying to repeal the law!

This callous disregard for the people's will is only proving that voters were right to choose term limits in the first place.

Tell the Commission:

"Honor our vote.

Don't Touch Term Limits!"
