

ALASKA TERM LIMITS POLL: EXECUTIVE SUMMARY

U.S. Term Limits Survey of 514 Likely Voters
 Conducted by RMG Research, January 2-10, 2024

The results of this recently completed survey in Alaska demonstrate that likely voters overwhelmingly support term limits for members of Congress. Support for term limits is broad across all political and demographic groups. **An overwhelming 84% of the voters approve of an amendment to the U.S. Constitution that will place term limits on U.S. Senators and U.S. House Representatives.** 76% of respondents indicated that they would favor Alaska calling for an amendment-proposing convention to enact congressional term limits. 70% also indicated that they want their state senator and state representative to favor legislation calling for a convention to propose congressional term limits.

Do you favor or oppose term limits for members of Congress?

The U.S. Constitution authorizes state legislatures to call for a convention to recommend Constitutional amendments. Two-thirds of states would have to agree before any action could be taken. Would you favor or oppose having Alaska call for an amendment-proposing convention to enact congressional term limits?

Methodology

The survey of 514 Likely Primary Voters was conducted online for USTL on January 2-10, 2024. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by gender, age, and race. Likely voters were determined by a screening process within the survey. *The margin of sampling error for the full sample is +/- 4.3 percentage points.*
