

#### NORTH DAKOTA AGE LIMITS POLL: EXECUTIVE SUMMARY

US Term Limits Survey conducted April 25 - May 1, 2024 by RMG Research Group. 532 Registered Voters in ND participated in the survey.

78% of voters say that they would support an age limit for members of Congress so that no one over 80 years old could serve or be elected. At the possibility of imposing age limits on members of Congress (47%) of unlikely North Dakotan voters became much more likely to vote. Also, most voters continue to support an age limit amendment even if it could remove candidates that they strongly support.

Measure No. 1 creates a new article in the North Dakota Constitution entitled "Congressional Age Limits." This initiated measure would amend the North Dakota Constitution so that no one could be elected or appointed to represent North Dakota in the U.S. House or Senate if that person would be 81 years old before the end of his or her term. Do you support this measure?

### Methodology

The survey of 532 Registered Voters was conducted for USTL on April 25 - May 1, 2024. Field work for the survey was conducted by RMG Research, Inc. Certain quotas were applied, and the sample was lightly weighted by gender, age, and race. Likely voters were determined by a screening process within the survey.

The margin of sampling error for the full sample is +/- 4.2 percentage points.
