# TERM LIMITS ON CONGRESS PETITION

Congress has a 17 percent approval rating, but a 95% re-election rate. That's because our elected leaders can abuse their power to keep away electoral challenges, which transfers power away from citizens and into the hands of unaccountable career politicians. Won't you help us break this cycle, by signing the online petition below?

*Whereas, Congress ratings are at an historic low point; and*

*Whereas, the American people no longer trust career politicians who run for reelection over and over again; and*

*Whereas, members of Congress seem to care more about pandering to campaign contributors and special interest groups than representing their constituents; and*

*Whereas, election rules and government power have been perverted so that it has become almost impossible for the people to vote their elected representatives out of office; and*

*Whereas, 82% of the American people support term limits; and*

*Whereas, Congress will not vote for an amendment to term limit itself; and*

*Whereas, Article V of the Constitution allows for states to bypass Congress to propose the amendment through Convention; and*

*Now, Therefore Be It Resolved, that I do hereby support a Term Limits Convention to enact a constitutional amendment for term limits on members of the U.S. Senate and on members of The House of Representatives.*
